Opening the 1892 Cornerstone Capsule

Join us as we take a step back in time! The 1892 time capsule will be opened shortly after 3 p.m. We'll see what was placed inside more than 130 years ago, then add a brand-new capsule to be opened 100 years from now. After the ceremony, everyone is invited to view the items, enjoy refreshments, and share in the celebration.
