

**FRANKLIN COUNTY
COMMISSION AGENDA ITEM**

TO: BOARD OF FRANKLIN COUNTY COMMISSIONERS	Reviewed:
FROM: JAMES M. HAAG, JR.	Ext. 3552
DEPARTMENT: PUBLIC WORKS	
DATE: 1/26/09	No.

ITEM: Discuss the cost of relocating the RWD #6 waterline to allow the reconstruction of the Vermont Road Bridge

Background: At the January 7th meeting the Board considered a request to reimburse RWD #6 for the expense of moving their waterline to facilitate the replacement of the Vermont Road Bridge in the estimated amount of \$44,500. The Board requested a representative of RWD #6 attend a study session to discuss the estimated cost. Mr. Louis Funk, P.E. with Bartlett & West and Mr. Bill Kern with RWD #6 will be present to discuss the proposal to relocate the waterline and the associated cost estimate.

Recommended Action: Discuss the cost of relocating the RWD #6 waterline to allow the reconstruction of the Vermont Road Bridge

Attachments: Letters, estimate and sketch

Re: Pipeline Relocation
Project No.: 5077.004

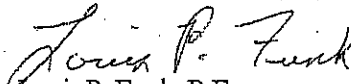

Dear Mr. Haag:

I am assisting Franklin Co. RWD No. 6 with the design of their 8-inch water pipeline relocation at the Marais des Cygnes River north of Rantoul. The proposed new bridge construction and associated site grading will require that approximately 700 feet of pipeline, located west of the bridge, be moved further west. There will be a short segment north of the river and a longer segment south of the river. The river crossing itself, though, will be left in place.

Enclosed is a cost estimate for the project. As the existing pipeline is in private easement, the District will be requesting full reimbursement for this project. Please provide either a commitment letter or a formal agreement establishing the County's willingness to reimburse the District for this project. We anticipate that the work can be completed within the next 3 to 6 months. Please advise if that time frame causes a problem for you.

We will work to complete the design of the relocation by mid-January and will forward a copy of the plans to you if requested. The District will likely select a contractor that they have worked with previously and is capable of performing the work required. Please advise if you require a formal bidding process.

Sincerely,

Louis P. Funk, P.E.
