**ITEM: Opening of Bids from ambulance manufactures.**

Background: Franklin County solicited bids for a new ambulance on August 26, 2009. The bids where due back in detail by September 22, 2009 to be opened in the public meeting on September 23, 2009

Recommended Action: I recommend that we open bids in the meeting and table the selection of which bid to accept until all bids are evaluated to ensure they meet the need of the service.
