

**FRANKLIN COUNTY
COMMISSION AGENDA ITEM**

TO: BOARD OF FRANKLIN COUNTY COMMISSIONERS	Reviewed:
FROM: Lisa J. Johnson	Ext: 3485
DEPARTMENT: Administration	
DATE: Wednesday, March 3, 2010	No:

ITEM: Consider the approval of a contract with Mid-Continental Restoration Company, Inc. for exterior repairs to the Franklin County Jail.

Background: The exterior brick and concrete accents on the Franklin County Sheriff's building has experienced mold, fungi, and pathogens. This has resulted in problems with mold around windows on the interior of the building and staining to the exterior of the facility. Mid-Continental Restoration has examined the areas of concern and has recommended that the areas be cleaned with high-pressured water to clean the surface and that they receive one application of Weather Seal Siloxane WB. The treated area would be the brick surface and the concrete block accents. The cost for the work would be \$11,950.00.

Recommended Action: It is recommended that the commission approve the contract with Mid-Continental Restoration Company for the exterior repairs to the Franklin County Jail.
